REALISING YOUR AMBITION

The hair and beauty industry offers many exciting opportunities – whether that’s creating a profitable business, turning a passion into a career or simply helping others look and feel great.

Whatever your experience, our courses can help you:

- Kick-start an exciting career or grow your existing business
- Expand your knowledge and skills
- Increase and improve on the treatments you can offer your clients
- Make your business more profitable
- Stay up to date with the latest hair and beauty trends

When you attend one of our courses you’ll be one of a small group, with plenty of guidance from an experienced educator. All of our educators are experts in their fields and have been trained to pass on all the right skills and expertise.

AFTER THE COURSE

Once you’ve completed your course you’ll be awarded a certificate of attendance. Your course may be accredited by one or more of the following bodies:

**Some accreditation exemptions apply. For some courses only a certificate of attendance will be available.

What should you bring?

Here’s our guide on how you can get the most from your course and enjoy every minute of the learning process.

To join any of our courses, unless otherwise stated, you must be over 16 years of age. On the day, please make sure you arrive on time – we recommend getting to your training venue 30 minutes before the course start time.

If you need to bring a kit to your training course, it will be detailed clearly within the course outline. This could be anything from a starter kit, to a manikin head or just a few key items. You can find them all on our website, and they are also available to buy when you book your course.

You’ll need to come to your course dressed appropriately. That means wearing a tunic or, if you don’t have a one, black trousers and a black top or shirt. You’ll also need to wear sensible, flat shoes and long hair must be tied up. For nail courses, please make sure you’ve removed all polish, extensions or nail enhancements before you come.

If you’re asked to bring a model, they must be over 16 years of age (over 18 on selected courses), and need to have completed and signed a Model Indemnity Form. If you’ll be applying colour to your model’s hair, you’ll need to skin-test the colour product on them at least 48 hours before the course starts, in line with the manufacturer’s instructions.

We aim to give model arrival times, however as timings can vary depending on student numbers you should only use these as a rough guide.

CPD (CONTINUING PROFESSIONAL DEVELOPMENT)

Many of our courses include Continuing Professional Development (CPD) points or hours. This is the system the hair and beauty industry uses to track and document the skills, knowledge and experience that you gain both formally and informally as you work, beyond any initial training.

CPD is about keeping up to date with the latest treatments, products, techniques, equipment and business developments. It helps you to plan for and achieve any career objectives you set for yourself. The number of CPD points or hours you’ll earn is shown in your course outline.

ACCREDITATION AND INSURANCE

Once you’ve completed your course, we strongly recommend you get the appropriate insurance. There are several companies that will insure you to perform the treatments you’ve qualified in and been accredited for**. It’s always a good idea to contact your insurer before attending a course to find out if you’re eligible to get their insurance. Similarly, if you’re adding a new certificate to an existing policy, then it’s a good idea to check your policy won’t be affected.

You can see which associations accredit each course on the course outlines, but please note, even if a course is accredited, we can’t guarantee insurance.

In these Terms and Conditions reference to 'We,' 'Us' or 'Our' means Sally Salon Services Limited (where the training course is booked and attended in the United Kingdom) or Sally Salon Services (Ireland) Limited (where the training course is booked and attended in the Republic of Ireland). These Terms and Conditions shall apply to every training course booked within this Training Prospectus to the exclusion of any other terms and conditions you may wish to rely upon. By booking a place on a course within this Training Prospectus you are deemed to have accepted these Terms and Conditions:

You will be allocated your place(s) on the course(s) on payment of the course fee(s) in full. We reserve the right to decline applications. All courses require a minimum number of one (1) attendee.

2. COURSE FEES

3. PAYMENT

Payments must be made in full at the time of the booking. Payments made via debit or credit cards over the telephone must be made by the cardholder. We will not accept payment details from a third party.

4. COURSE CONTENT

We will endeavour to cover all the topics outlined in the relevant section of this Training Prospectus. We have the right to make any changes to the course content which are necessary to comply with any changes to Industry best practice, any applicable law or safety requirement, or which do not materially affect the nature or quality of the course and which do not affect the course accreditation. You acknowledge and agree that all course material, programme material, the Training Prospectus and copies of such and all intellectual property rights in such materials (including but not limited to copyright) are Our property. Neither you nor your substitute delegate will copy and/or distribute the whole or any part of those materials without Our prior written consent. Some courses require compulsory periods of private practice outside of the classroom, building upon and developing techniques and skills, ensuring that such techniques and skills have been mastered before continuing on to the next classroom module. If you fail to demonstrate that you have an adequate level of competency (including, but not limited to, providing evidence that you have undertaken sufficient practical experience), without incurring any liability whatsoever to you, the trainer reserves the right to exclude you from attending subsequent classroom sessions. If you are excluded from completing the course you will fail the course and you will not be entitled to a refund of the course fee nor be permitted to re-schedule. You may be permitted to re-sit examinations at the sole discretion of the trainer and subject to payment of a re-sit fee.

5. COURSE PRE-REQUISITES

Please ensure you comply with the relevant pre-requisites as detailed in the Training Prospectus. Where you are required to bring your own hand dressing tools, this includes but is not limited to brushes, combs, gowns and hairdryers. When bringing electrical equipment (not limited to hairdryers, clippers and hair straighteners), it is your responsibility to ensure that it has a safety certificate (complying with the Electrical Safety at Work Regulations under the Health and Safety Act). Where you are required to bring a model you must ensure they are over 16 years of age, (18 years of age for certain courses) and that they have completed and signed a Model Indemnity Form (which are available from Us.) If you are acting as a model you will be required to sign a Model Indemnity Form as a course pre-requisite. Where any colour is being applied, in accordance with the relevant manufacturer's instructions, you must ensure that the colour product is skin tested on your model at least 48 hours before the course. We reserve the right, without incurring any liability to you (including no obligation to refund the course fees), to exclude you from taking part in the practical aspects of the course if you fail to comply with the course pre-requisites which could result in you failing the course. Where the course requires you to allow other candidates to work on your nails, it is your responsibility to ensure that your nails are in good, healthy condition. By signing up to the course you confirm you have never suffered from an allergic reaction, sensitivity or any other medical condition as a result of or arising from a nail treatment. Our trainers reserve the right to exclude you from attending a course if our trainer reasonably considers that your nails are in poor and unhealthy condition. If excluded you will not be entitled to a refund nor be entitled to re-schedule to another course or date. It is your responsibility to ensure that you have all the required products/kits on the day of the course. We strongly advise you to check, prior to the date of the course, with the relevant store where you will be attending the course that any products and/or kit required for the course are in stock and available for you to purchase. We reserve the right to reject you from attending a course where we reasonably suspect that you are under the influence of drugs and / or alcohol, without incurring any liability to you. If excluded you will not be entitled to a refund nor be entitled to re-schedule to another course or date.

IMPORTANT: You warrant and confirm that you have the required level of experience and/or qualification to attend and participate in the course you have booked. We reserve the right to reject you from a course where we discover you are not qualified without incurring any liability or obligation to you.
